BELL'S
Concentra'd Flavoring Extracts!

EQUAL to any in the market and superior to many, in larger bottles, and at old prices.
Wholesale agents for Baltimore,
BURROUGH BROS.,
Wholesale Druggists.

LIST.—Lemon, Orange, Vanilla, Rose, Peach, Nutmeg, Celery, Allspice, Cloves, Ginger, Birch, Cinnamon, Apple, Mulberry, Pine Apple, Banana, Mace, Raspberry, Pear, Pepper, Parsley, Strawberry, Bitter Almond, and Savory spices.

The great difficulty heretofore experienced in procuring true Flavoring Extracts, has induced the proprietor to spare no pains or expense in giving to the public an article which will be found true to its name, and which will in no instance be a source of disappointment.

It will be observed that our extract of Lemon and Orange is a prepared extract from the Peel, which any one may be convinced of by merely smelling them.

The price of Vanilla Beans, too, has caused more useless Extract of Vanilla to be manufactured and sold than any other essence: being either made from Tonka Beans, or some other fictitious compound. In our Extract we WILL GUARANTEE A PURE ARTICLE! made from the true Bean, without any foreign substance whatever.

Bell's Worm Syrup.

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE.—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this Preparation we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined, with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their peculiar functions or have be desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an apparent disease, arising from some other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

Price 25 cents a bottle.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Spavins, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS!
FOR HORSES, CATTLE & SWINE,
25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c., &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.

Selected Poetry.

A STILL DAY IN AUTUMN.

BY MRS. SARAH HELEN WHITMAN.

I love to wander through the woodlands hoary
In the soft gloom of an Autumnal day,
When Summer gathers up her robes of glory,
And like a dream of beauty glides away.

How through each loved familiar path she lingers,
Serenely smiling through the golden mist,
Tinting the wild grape with her dewy fingers,
Till the cool emerald turns to amethyst.

Kindling the faint stars of the hazel, shining
To light the gloom of Autumn's mouldering halls,
With hoary plumes the clematis entwining,
Where o'er the rock her withered garland falls.

Warm lights are on the sleepy uplands waning;
Beneath dark clouds along the horizon rolled,
Till the slant sunbeams, through their fingers raining,
Bathe all the hills in melancholy gold.

The moist winds breathe of clasped leaves and flowers
In the damp hollows of the woodlands sown,
Mingling the freshness of Autumnal showers
With spicy airs from cedarn alleys blown.

Beside the brook and on the umbered meadow,
Where yellow fern tints flock the faded ground,
With folded lids beneath their palmy shadow,
The gendon no ls, in downy slumbers bound.

Upon those soft fringed lids the bee sits brooding
Like a fond lover loth to say farewell—
Or, with shut wings, through silken folds intruding,
Creeps near her heart his drowsy tale to tell.

The little birds upon the hillside lonely,
Flit noiselessly along from spray to spray,
Silent as a sweet wandering thought, that only
Shows its bright wings and softly glides away.

The scentless flowers, in the warm sunlight dreaming,
Forget to breathe their fullness of delight,
And through the tranced woods soft airs are streaming,
Still as the dew-fall on a summer night.

So, in my heart, a sweet unwonted feeling
Stirs, like the wind in ocean's hollow swell,
Through all its secret chambers sadly stealing,
Yet finds no word its mystic charm to tell.

GETTYSBURG, PA.

Monday Morning, Oct. 22, 1866.

HOW WILL THE RADICALS ACT?

Nearly two weeks have passed since the election, and during that time we have patiently waited to see whether the Radicals would display any signs of statesmanship in the midst of their triumph—but have waited in vain. From no source have we heard a single word of political wisdom uttered—nothing but hate and denunciation.

Forney openly threatens the impeachment of a President whose distinguishing characteristic is a sacred regard for his oath of office, and a firm resolve to maintain, protect and defend the Constitution of the United States. Following in Forney's lead, every lesser Radical newspaper in the State echoes the cry of the leading-hound. Throughout Pennsylvania, from one end of the State to the other, the result of the election has been received by the Radical leaders as an endorsement of the most extreme policy.

That President Johnson will be impeached by the Radicals during the coming session of Congress we do not believe. They will hesitate before they put their threats into execution. Much elated as they are with their victories, and vindictive as they feel, they will hardly dare to risk the consequences of such an act of folly. If, in defiance of the Constitution, and of all law and justice, they should, they would necessarily precipitate the nation into a new revolution more terrible than that from which we have just emerged. They would find resistance of the most effective kind meeting them in the very first move they made toward deposing the lawfully elected President of the United States, for the purpose of setting up a tool of their own in his stead.

But, while we do not believe they will dare to impeach the President, we expect to see the Radical majority in Congress carve out for their party a policy which can result in nothing but a political, social and financial disaster. A few moderate Republican journals declare that the Southern States will be admitted to the enjoyment of their full rights in the Union immediately upon their adoption of the proposed Amendments to the Constitution. The New York *Times* and the *Herald* both urge them to do so at once. But, the very anxiety of these sheets shows that they dread the effect of the advancing demands of the Radicals.

What this nation most needs now is peace and a perfectly restored Union. It is sure that we shall have neither so long as the radical leaders can prevent it. The recent elections give them a new lease upon power. *They are more* insolent and domineering to-day than they even were before. They will not yield one jot or tittle of their impossible demands. They can work much evil, and we have every reason to believe they will pursue such a course as will not result in any permanent good. All the Conservative masses of the nation can now do is to stand firmly by the right, prepared to meet every demand which may be made upon them in the future. That they will do so, we have as little doubt as we have that the Radicals will only make use of their victories to work evil.

☞The City of Philadelphia, on the 9th of October, polled nearly fifty thousand votes for the Democratic Congressional ticket, in a poll of one hundred and three thousand. They reduced the opposition majority several thousands, and rescued the First Senatorial District from the hands of the enemy. With such a record, it is very certain that the Democratic party of Philadelphia is not dead, but is in a lively state of preservation!

York gave Clymer 298 majority, a gain of 251 over Woodward's majority, and 113 over McClellan's!

Lancaster gave Clymer 335 majority, a gain of 286 over Woodward's and 138 over McClellan's majority.

Clymer's majority in Harrisburg footed up 182. Woodward's was 69 and McClellan's 179.

The political health of these places is certainly very good. From present indications it will be a long while before the Democracy of either will be "dead and buried."

☞The *Patriot & Union* of Thursday evening says:—The majorities seem now to foot up—Geary, 56,631; Clymer, 37,047; Geary's majority, so far, 16,584. To this will be added Butler, about 500, and Forest, about 75 for Geary, and Elk, about 400 for Clymer. Washington is estimated at 100 for Geary, and Pike 900 for Clymer. Many of the reputed official majorities come through Disunion sources, and are, therefore, not very reliable.

The Democracy have gained EIGHT votes on joint ballot in the Legislature on last winter. The Senate stands as before—the Democracy having gained one Senator and lost one. In the House the Democracy have gained four members.

☞We would rather be defeated a thousand times, battling for the Union and for constitutional liberty, than to be crowned with victory in the ranks of the Radicals. The spirit of reckless and bloody fanaticism has triumphed over calm reason, but we can lay our hands upon our hearts and thank our God that we had no part in that triumph. We fought it to the bitter end, and went down with our colors flying. We will continue to fight it, and a score of defeats shall not drive us from our purpose. We bow, as we always have done, to the verdict of the ballot box, yet our belief that the only safety for the country is to be found in the principles and policy advocated by the Democratic party, is too deeply laid and too firmly grounded to be shaken by the fact that in a vote of six hundred thousand our opponents have been enabled, through the appliances of a thorough organization and a reckless expenditure of money, to secure a majority of sixteen thousand.

☞The Radical candidates for Congress in Allegheny were as completely repudiated as though they had been defeated. Moorhead has a majority of only 3,051, running behind Geary's military prestige (!) 4,624 votes. Williams has only 3,100 majority—running behind the same 4,476 votes.

IMPEACHMENT.

Beast Butler, J. K. Moorhead, and others among the more blatant Radicals, threaten to impeach the President of the United States. The threat is easily made—to carry it out will be a difficult matter. The *Patriot & Union* well asks: Will the President and the Conservative masses of the Union—who constitute nearly two-thirds of the entire people—submit to such a base, unlawful, partisan outrage, founded in nothing but greed of plunder and power? They will be foolish and criminally unpatriotic and false to the Union and the Constitution if they do. The house which may undertake to impeach will be but a fragment of a House, and the Senate to try will be but a part of a lawful Senate. Article 1, section 2, of the Constitution says:

"The House of Representatives *shall be* composed of members chosen every second year by the people *of the several States*, and the electors *in each State* shall have the qualification requisite for electors of the most numerous branch of the State Legislature."

The House SHALL BE composed of members chosen by the people of the SEVERAL States, not by the people of a portion of the States, but by the people of *each particular State, singly taken.* Again, article 1, sec. 3:

"The Senate of the United States *shall be* composed of two Senators from *each* State, chosen by the Legislature thereof, for six years; and *each* Senator *shall* have one vote."

This is perfectly clear. The Senate SHALL BE composed of two Senators from EACH State—not two Senators from each of a portion of the States, but two Senators from *each State of the whole Union.* With these constitutional obstacles in the way of the Moorheads and Butlers, it will be strange, indeed, if impeachment be allowed to take more than the form of empty words on the stump whilst ten States of the Union remain unrepresented.—There can be no impeachment of a President until all the States of the Union shall be represented in both branches of the Federal Congress.

THE PROPOSED IMPEACHMENT.

The Newburyport *Herald* thus comments upon the proposed impeachment of President Johnson:

Now to our minds the proposition of impeachment is one so full of danger that he who fathers it must be shortsighted or terribly deprayed. There is not a rational man in the country that does not see that it carries upon its very face the commencement of a civil war, by the side of which the late rebellion would appear as child's play. Before any one accustoms his mind to wander too far in that direction, let him inquire if he is prepared for a state of anarchy that would destroy the value of property, that would repudiate national and private debts together, that would darken the sun of republican liberty, that this country would not see its face again, and would make human blood run in the streets till the very dogs would lap it like water. If any man of fighting age favors the deposing of the President in the present state of the country, let him join a military company at once, and drill as often as he eats; and if he is not at that age, but has boys that are, let him call them to him on the first opportunity, and looking them fairly in the face, decide which of them, or how many, he is ready to see die rather than have Andrew Johnson President of the United States till the 4th of March, 1869."

It is time this insanity ceased. If we are not all crazy, or drunk, or mad, we shall tell all men of all parties, who propose such schemes, away, devils, we'll none of you. We want no more war—no more slaying of the first born—no more maimed men, or disconsolate widows or orphan children, upon our pension list. We want no more public debt and no higher taxes than we now have. We want no President who would put State against State and man against man in deadly array, by ignoring the representatives of the people; and we want no representatives so lost to reason, right, and public duty, as to propose the deposition of the President. The times are full enough of danger without any such madness. Every good and true man—every man who loves his race or his God, will seek peace, not war; prosperity, not anarchy; and love to all men everywhere, and hate to none, and malice to none.

☞The election has demonstrated the fact that the people of Pennsylvania have not yet realized the peril which threatens our free institutions. They have failed to hear the mutterings of the rising storm, and have blindly followed the impulses of passion and prejudice, as they did in the election of Abraham Lincoln. They were warned in 1860 against placing a sectional party in power; they were told that in doing so they would involve the country in a war which would shake the government to its foundations, would drench the land in fraternal blood, would entail upon us a debt the burden of which would be felt to the latest generation, and would end in ultimate and perpetual disunion. Our words of solemn warning and earnest entreaty were laughed to scorn. Sectional fanaticism was inaugurated in power at Washington, and during the dreary years of blood and sorrow which followed, the people began to realize, when, alas, it was too late, that there was truth in what we had told them.

We tell them now that the day is not far distant when those of the Republican party who really love their country, will deeply regret the votes they gave in the late election, and will see what dupes they have been in the hands of the designing demagogues whose lead they have so blindly followed.

INDIANA, OHIO, IOWA.

The elections were held in Indiana, Ohio and Iowa on the same day as in Pennsylvania. The Disunionists have also carried these States, but by greatly reduced majorities. In Indiana Mr. Lincoln, in 1864, had over 20,000 majority, while now it will be reduced to about ten, and we have gained one member of Congress. In Iowa the reduction in their majority will be about 15,000 compared with 1864. We have gained a member of Congress in Ohio, Gen. Morgan, and the opposition majority reduced. These are certainly cheering indications.

Postmasters Appointed.—The President has made the following new appointments of Postmasters in Pennsylvania: Matthew P. Welsh, Chambersburg. Colton B. Davis, Milton. Henry Quillman, Norristown. David H. Missimer, Pottstown.

Elections in November.—The States which hold their elections November 6th, are Illinois, New York, Maryland, Michigan, Wisconsin, Massachusetts, Missouri, Minnesota, Kansas, Delaware, Nevada and New Jersey.

☞Senator Wilson, of Massachusetts, has publicly professed religion. What devilment is in contemplation now?

"FREE SPEECH."

The lawless disunionists of Cape Girardeau, Missouri, stoned Gen. Frank Blair, on the 6th inst., upon his attempting to make a speech, and also mobbed and stoned the hotel at which he was stopping. This is the way Disunionists serve men who perilled their lives for the *Union*, when they do not go for niggerism. It was at this same town that four Sisters of Charity were thrown into prison, a few weeks ago, for teaching orphan children without having taken the Disunion test-oath. It is a God-forsaken hole.—*Exchange.*

Gen. Blair, it is well known, was a distinguished officer of the army during the entire rebellion; he was Sherman's right-hand man in his march from Atlanta to the sea. And now when the war is over and peace restored, this same General Blair is stoned when he attempts to make a speech in a town of his own State in defense of the Constitution and the Union! And who are the men who committed this great indignity, this infamous outrage upon Gen. Blair?—They are the same unprincipled political charlatans who, for the last quarter of a century, have been prating about "free speech and a free press." They are the same men who for many years previous to the breaking out of the rebellion, sent petitions to Congress praying for a dissolution of the Union, because, as they said, they did not wish to live in a country where free speech was abridged. Because they could not go down South and make incendiary speeches and urge the slaves to cut their masters' throats, they wanted the Union dissolved! But now these sticklers for free speech stone a brave soldier when he attempts to speak for his country; aye, more, they insult the President of the United States himself when he speaks *for the flag of the nation.*—When, in the history of our country, was free speech so ruthlessly assailed as at present? No man is safe from insult in strong Radical districts. Free speech is denied to all who refuse to endorse negro-suffrage and negro equality.—*Carlisle Volunteer.*

ENORMOUS FRAUDS.

All our Democratic exchanges from the northern tier of counties charge that the most enormous frauds were committed in that section of the State at the recent election. Thousands of voters were colonized from New York and distributed throughout the strong Radical election districts, where they were allowed to vote in spite of protestations and objections. Multitudes of these men have already left and gone back to New York to vote for Fenton and Radical Congressmen there. All over the State the evidences of frauds are being made manifest. Neither Cake nor Covode could have been elected except by the colonization of voters. Yet, in the face of all these things, the Radicals have the impudence to assert that frauds were perpetrated by the Democratic party. That is an old game. It is the rogue's cry of "stop thief." But it will not avail. The damning evidence of Radical infamy is too plain to be thus covered up.—*Lancaster Intelligencer.*

HOW THE RADICALS ELECTED THEIR CONGRESSMEN.

Many of our readers who are not in the habit of paying particular attention to the figures to be found in an election return will marvel at the *apparent* endorsement by the people of such Congressmen as O'Neill, Kelley and Myers; but a little examination affords a perfect explanation of the affair. We stated for several days previous to the election that the Radicals were colonizing voters extensively into the doubtful districts, and here is the proof of the fact. In 1865 the vote cast in the First Congressional District was 23,501; on Tuesday last it was 20,581, showing a decrease of 3,923 votes. No candid man will allege that there is any falling off of population in that district, and all agree that the entire vote on both sides was brought out all over the city. Where then did this vote go to? Mr. Randall's majority on a poll of less than twenty thousand is 4,683, whilst in 1865, in a poll three thousand five hundred and four greater, the majority in his district was but 2,428.

These facts show clearly that a large portion of the vote of the district was transferred, and that the transferred vote was altogether Radical. Let us see what became of it. In 1865 there were 18,601 votes cast in the Second Congressional District, and on that small poll Mr. O'Neill's party had a majority of over 4,000. On Tuesday last there were 21,184 votes given, and in this large poll the same gentleman's majority was but 3,324. Two facts are shown in both these cases; first, that Randall, with a smaller vote cast, was more largely endorsed than ever before, and that O'Neill, with a poll over 1,500 greater, was endorsed by a majority of 1,500 less than in 1865. The *Radical Congress, therefore, is not endorsed in this case.*

But let us look at the Third District. In 1865 the vote polled was 20,930; on Tuesday last it was 23,951, an increase of 3,021. In 1865 Mr. Myers' party had a majority of 1,658, on Tuesday he was re-elected by a majority of 1,085; thus showing that if there had not been three thousand votes colonized into his district he would have been badly beaten, and that with the colonization his conduct is approved by nearly five hundred less than he was in 1865. Now let us take the Fourth District. In 1865 there were 22,228 votes cast in that District; on Tuesday there were 26,601 votes polled. In 1865 Mr. Kelley's party had a majority of 4,658, but on Tuesday the champion of negro suffrage was re-elected by a majority of 2,443. Kelley, therefore, is *absolutely condemned* by the legal vote of his district. There is no doubt about the system of colonization adopted and pursued by the Radicals, and it is perfectly clear to every man who will examine the subject carefully, that their candidates for Congress are all returned as elected through the operation of a huge fraud. CONGRESS WAS NOT ENDORSED IN PHILADELPHIA.—*Philadelphia News.*

☞In Ohio the Disunionists elect 16 members of Congress, in a total poll of 275,000 votes, and the Democrats 3 on a total poll of 235,000 votes. It will be seen that, according to the rascally apportionment of districts, it takes only 17,000 votes to elect a Disunion member, while it requires 78,000 votes to elect a Democrat. According to a fair proportion, 26,141 votes ought to elect a member; by which the Disunionists would be entitled to but 10½ members, according to their poll of votes, and the Democracy should have 8½ members.

☞Thad Stevens falls below Geary in majority, in his own county, *three hundred and eighty-seven* votes!. Call you this supporting and endorsing the Rump Disunionists?

☞A large portion of Quebec was, last week, destroyed by fire. Twenty-five hundred houses were burned, rendering eighteen thousand people homeless. Loss, $8,000,000.

☞Several cases of cholera have occurred in Washington city.

VARIOUS ITEMS.

☞The cholera has broken out to a serious extent in Chicago. Between Sunday and Monday afternoon last eighty-seven new cases occurred and twenty-one deaths.

☞John Van Buren died on board of the steamship Scotia, at sea. His body was brought on to New York.

☞A great trout, measuring four feet and a half in length, three feet around the body, and weighing seventy pounds, was caught in Lake Erie, fifteen miles from Dunkirk, last week. It is believed to have been the largest trout caught in the lake in modern times.

☞The glass required for the Paris Exhibition next year would cover an extent of twenty acres.

☞A servant girl in Chicago assaulted her mistress, and when a policeman was called in, thrashed him too.

☞In a card, published in the New York papers of the 11th, Mrs. Elizabeth Cady Stanton presents herself to the voting population of the Eighth Congressional District of that city as a candidate for Congress. She professes independent principles, with a tendency in favor of the Republican party, provided it advocates negro suffrage.

☞A Detroit man recently sold his wife for $200 to a sailor, and applied to a justice to marry him to a girl of seventeen.

☞There are again rumors afloat about the resignation of Secretary Stanton.

☞The mayor of a French village was notified to take precautions against a cholera visitation. He did it—digging graves enough to accommodate the whole population.

☞A jumping match for $1,000 came off at Orleans, N. Y., a few days ago. A man named Bortle got over twelve feet five inches, and his contestant fell three inches behind.

☞Forney threatens war in Baltimore if Gov. Swann removes the Police Commissioners. The fight would be a brief one.

☞The Disunion threats to prosecute all election officers who should take the ballots of persons whose names were upon the Disunion "deserter" lists, have all ended in smoke, of course. Why don't the slanderers of the dead and maligners of the living veterans, prosecute?

☞A number of cases of cholera are reported at Norristown, Pennsylvania.

☞There were 471 deaths in Philadelphia last week, 114 of which were from cholera.

☞A Western paper publishes the following notice: "Lost or strayed from the scriber a sheep all over white—one leg was black and half his body—all persons shall receive five dollars to bring him. He was a she goat."

☞The good citizens of West Chester, Pa., were terribly shocked the other day in witnessing a number of young ladies linked arm in arm with the same number of negroes, and in this plight attending a Radical demonstration. There were between twenty and thirty couples thus linked. Chester county always takes the lead in anything that is nasty.

HOW OUR DISTRICT WAS CARRIED.

There has been some surprise expressed that the Disunionists should have been able to carry this District without the aid of the army vote and the hospitals which they used so effectively in 1864.—Since the election we have learned something that we did not know before, which makes it very clear how Taylor was elected: With this knowledge in our possession, we are now surprised that we did so well. The District was carried by MONEY, and not because the principles of the Torch and Turpentine party meet favor with the people. We were in Philadelphia last Thursday, when we were informed that a week before the election, a Disunion Governor of New England sent his check for *fifty-five thousand dollars*, drawn in favor of an officer of the Union League, to be used in our district. The check was cashed by the First National Bank, and *twenty-three thousand dollars* were placed in the hands of a person in Germantown, to be sent into this county. This money was brought into Bucks and used to *corrupt the electors.* This explains the abundance of money seen at the polls in the hands of the Disunionists, and also their greatly increased vote in the county and District.

This information was imparted to us by a reliable person, who holds himself responsible for what he says, and if any of the Disunionists or others wish to know who the parties to this transaction were, they can have them by calling upon us.—*Doylestown Democrat.*

What His Neighbors Think of Him.—William D. Kelley, alias Black Bill, the great miscegenator, Congressman elect from the Fourth District, Philadelphia, was beaten in his own ward, the twenty-fourth, by *twenty-six votes*, notwithstanding the Twenty-fourth is a Republican Ward. It is very evident that the people were anxious to relieve themselves of the disgrace of endorsing Kelley, and they succeeded. It is to be regreted that the voters in the other wards of his District did not think and act likewise.

Illegal Voting.—Captain W. Baugh had a hearing before Recorder Eneu, charged with illegal voting. It is alleged that he went to the Fourth Precinct of the Nineteenth Ward, and represented himself as living in the precinct, and gave his residence. Inquiries being made, it was found that no such person lived there. It is said that Baugh is the President of the Boys in Blue Club of the Nineteenth Ward, and had just returned from a tour of the State, which he had been engaged in stumping for Geary. He was held in $1,000 bail for a further hearing next Tuesday. The captain has, no doubt, been stumping the State to some purpose.—*Phila. Age.*

☞The League treasuries, all over the State, are in a sadly collapsed condition. The $154,000 remaining in the Philadelphia luxurious rum house after the election of 1865 are all gone, and more besides. It is said that $300,000 will scarce cover the bills for transporting Disunion voters from heavy Democratic districts to weak Disunion districts and keeping them in provender and whisky.

☞Horace Maynard, of Tennessee, who made a speech lately in favor of negro equality, is a native of Massachusetts. We doubt whether anybody that ever saw him supposed for a moment that he was a white man. He looks like the product of a cross between a Pequod Indian and a mulatto.

Terrible Steam Boiler Explosion—Many Persons Killed and Wounded.—St. Louis, Oct. 17.—A terrific steam boiler explosion occurred here at 10 o'clock this morning in the turning shop of J. H. Burbrock, on Franklin avenue, totally demolishing the shop and also a three-story brick building on West street, and a dwelling on the east side. Twenty-two persons are known to be buried in the ruins.—Two have been taken out dead, and two others more or less injured. There are, perhaps, more still buried in the ruins. The debris of the building immediately took fire, and the firemen and a large force of men are now engaged in extinguishing the flames and removing the rubbish.

☞Near Tomah, Wisconsin, a terrible encounter between an Indian and a bear took place recently. Both the combatants were found in the silent embrace of death, and there is probably no living witness to utter a description of the horrible scene. The bear had been shot in some vital part by the Indian, and the latter when found had his skull crushed as if by a powerful blow.

☞How to make yourself miserable: think that everybody seeks to do you an injury.

TOWN AND COUNTY AFFAIRS.

OFFICIAL MAJORITIES FOR CONGRESS.—Koontz has 1,834 majority in Somerset and 416 in Franklin; Sharpe has 223 majority in Adams, 277 in Bedford, and 295 in Fulton. Koontz's majority in the district, 645.

ORPHANS' HOME.—The National Orphans' Homestead at this place will be opened on Tuesday, the 13th of November next, with, no doubt, interesting ceremonies. Bishop Simpson, Rev. Henry Ward Beecher, Hon. Schuyler Colfax, and others, have been invited to be present, and speak.

CUMBERLAND COUNTY FAIR.—On account of the inclemency of the weather, the Cumberland County Agricultural Fair was postponed until Tuesday, Wednesday, Thursday and Friday, the 23d, 24th, 25th and 26th of October instant. It is predicted that the exhibition will be a good one, if the weather be at all fair.

☞The fine pair of black Match Horses belonging to Mr. Samuel Herbst, of this place, took the first premium at the York County Fair.

☞The "Synod of the German Reformed Church in the United States" is now in session at York. Rev. Mr. Miller's splendid new church was dedicated yesterday.

RESIGNATION.—Rev. Dr. Conrad is about to remove from Chambersburg to Philadelphia, where he will take charge of a mission Lutheran church, and edit the *Lutheran Observer*, which paper is also to be removed to that city.

☞Mr. Samuel Herbst has purchased the property belonging to the estate of Wm. E. Camp, deceased, corner of Middle and West streets, at $460 cash.

CHOLERA.—It was reported here last week that several deaths from Cholera had occurred at Taneytown, Md.

☞A boy named George Rhodes, residing near Chambersburg, died on Friday evening week, from the effects of eating a large quantity of acorns the Sunday previous.

☞We don't publish advertisements of swindling "Gift Distributions." Advertising Agents need not, therefore, send them to this office.

☞Look out for falling stars on the night of the 13th and 14th of November next. A distinguished astronomer predicts a "shower" similar to that of (we believe) 1833.

SWEET POTATOES.—Mrs. Jacob Everhart, of Highland township, has favored us with a lot of Sweet Potatoes, very large and of best quality.

Mr. Jacob Diehl, of Mountjoy, sends us a number of Sweet Potatoes of extraordinary dimensions, the largest weighing 5½ pounds!

To each we return our thanks for their generous presents.

FINE APPLES.—Mr. Isaac Deardorff, of Cumberland town-hip, brought us, the other day, a large basket of splendid Apples—York Stripes, Balsleys, and Bullock Pippins. We have seen nothing to exceed them this year. Mr. D. has our acknowledgments.

NOT A BIT DEAD!

There are radicals foolish enough to speak of the Democratic party as "dead." To all such we commend the following from that respectable and influential journal the New York *Journal of Commerce:*

The smoke of the contest has not cleared away in Pennsylvania, Ohio, Indiana and Iowa, but enough is visible to see clearly the same remarkable state of affairs which has been seen in the north for five years. The people are just about equally divided on the great questions of the day. There is no such preponderence in the votes of either party as to indicate any great and lasting majority. It is one of the most marvelous things in history that for so long a time, from election to election, in the midst of the utmost excitement, through war, and peace following war, the votes of the immense governing population of the Northern States should remain just about equally divided on the grandest questions ever submitted to the decision of a people. Here are lessons for the world to learn in this state of affairs. There are also lessons for the country to learn.

It is plain enough that *the majority of the citizens of the United States are opposed to the course taken by Congress, and in favor of the policy of the President. Half the people of the North and all the people of the South are agreed to this. On the other hand, it is plain that the minority of the people, and a very decided minority at that, now rule, and will continue to rule the country.* It is not a rule of the majority under which the inhabitants of the United States are to live.

Another fact is plain and ought to be distinctly seen and recognized henceforth. Neither the Republican nor the Democratic party is dead.

* * * * *

The Democratic party is no more dead than the Republican. The fires of affliction have only warmed it, and the blows of successive defeat have only welded it into a more compact mass. It polls its huge vote, just as heretofore, gaining some in one place, losing some in another, but always the same old party. *It is arrant nonsense, in the face of such an election as this in Pennsylvania, where Mr. Clymer polls one-half the immense vote of the State—it is arrant nonsense, we say, for any man, looking at such a fact, to talk of the Democratic party as dead.* * *

As it is, the fate of the nation is to depend on the future action of these two political parties. They stand face to face just about even in numbers. They are fiercely opposed to each other. They are bent on directly opposite purposes. They are equally determined in their claim of patriotism. *If the party in power attempt the revolutionary measures which have been threatened, the other party will unquestionably stand by the Constitution and the laws.*

☞The Boston *Journal*, a Radical paper of the pronounced type, has the candor to say in a recent issue:

It will not escape the general attention now that the smoke of the recent election battles is over, that there has been no great change in the strength of parties at the North for the last six or seven years. There is the Republican party on one side and there is the Democratic party on the other—neither having died out, according to frequent predictions, nor been set aside by any overwhelming popular uprising. This view of the matter may not be very exhilarating to Republicans of ardent temperament.

Fossils in Red Sandstone.—Last Tuesday, in a lead mine at Memphis, Tennessee, some specimens of red sandstone were broken open, and one was found to contain a petrified human hand, in a perfect state of preservation. In other cases parts of animals were found, and one black snake some five feet long was found, of the consistency and weight of the stone.

ADAMS COUNTY MUTUAL FIRE INSURANCE COMPANY.—The following gentlemen have been elected Managers of this Company for the ensuing year, viz:—George Swope, S. R. Russell, D. A. Buehler, E. G. Fahnestock, R. McCurdy, A. Heintzelman, J. King, R. G. McCreary, A. D. Buehler, M. Eichelberger, H. A. Picking, Jas. H. Marshall, Wm. Ross White, John Horner, Wm. D. Himes, A. F. Gitt, John Picking, John Wolford, John Cunningham, Wm. B. Wilson, A. T. Wright.

The Board met on the 8th instant, and organized by electing the following officers, viz:

HON. J. McD. SHARPE.

Our excellent candidate for Congress, Mr. Sharpe, though defeated, made a gallant fight. He leads his ticket in Adams, Bedford, Franklin and Fulton. Under ordinary circumstances, he would have been elected by at least 500 majority. But money and misrepresentation carried the day, and no man could have resisted, with success, these potent influences. Our opponents sometimes make flings at the supposed ignorance of foreign-born citizens; but what is to be said of the gross mental blindness of a class of men in their own ranks who never vote except when they are frightened to the election by such silly stories as that the *Democrats intend to repudiate the Federal debt and assume the debt of the late Southern Confederacy!!* At least 1,000 of these beautiful specimens of "Radical" intelligence, who haven't voted for years, were brought out to vote against Mr. Sharpe, by this "cock and bull story" invented for the occasion. When they find out how they have been fooled they will feel a good deal worse than the men they helped to defeat. We hope they can sleep without dreaming about losing their U. S. Bonds.—*Bedford Gazette.*

☞During the war the Radicals said that the administration was "the government," and denounced as a traitor every man who attempted in any way to criticise its acts. No honest expression of opinion adverse to their peculiar notions was tolerated, and all who indulged in such antagonisms were held as sympathizers with the rebellion and deemed by these precious patriots as unworthy of association with the unconditional loyalists of the day. But now they have changed all that. They not only abuse and assail the administration, but claim great credit for the exercise of their wonderful talents in that line of business.—Their "loyalty" now consists in endeavoring to weaken "the government," and they even threaten to impeach the Executive because he will not bow down and worship the idol they have set up!—*Age.*

Reduction in Price

OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.—In consequence of the recent great improvements in our facilities for manufacturing we have reduced our prices to as low a point as they can be placed

WITH GOLD AT PAR,

so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade-marks on the plate:

1. "American Watch Co." Waltham, Mass.
2. "Appleton, Tracey & Co." Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is "Appleton, Tracey & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co. of Waltham, Mass., authorize us to state that without distinction of trade-marks or price, ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED, to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

A Humbug.

HOW OFTEN WE HEAR THIS EXPRESSION from persons reading advertisements of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance; but I told them to let any one have it, and if it did not do all I stated in my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable *Liniment*, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhœa, Dysentery, Colic, Vomiting, Spasms, and Sea sickness, as an internal remedy. It is perfectly innocent to take internally, see oath accompanying each bottle,—and externally for Chronic Rheumatism, Headache, Mumps, Frosted Feet, Bruises, Sprains, Old Sores, Swellings, Sore Throats, &c., &c. BEST STRENGTHENING PLASTER IN THE WORLD.

Allcock's Porous Plasters resolve and assuage pain by calling forth the morbid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them. DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, & finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein; which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

The Great Bone Fertilizer.

BAUGH'S RAW-BONE PHOSPHATE, containing 52 per cent. of Phosphate of Lime, and 5.65 per cent. Ammonia.

It should be borne in mind that the Phosphate of Lime in this article being obtained exclusively from RAW BONES and a TRUE BIRD GUANO, there is NO PORTION of it INOPERATIVE, as in the case of SUPER PHOSPHATES made from MINERAL GUANOS—out being entirely SOLUBLE in the SOIL, continues to IMPART its FERTILIZING qualities to the CROPS for YEARS.

The REMARKABLE SUCCESS which has attended its use for years past, is a sufficient, GUARANTY to induce those who have not tried it to do so.

The GRAIN CROP where this FERTILIZER has been applied is supposed to have been INCREASED from 25 to 50 per cent. by its use, while for TOBACCO and GRASS LANDS its success has been EQUALLY DECIDED.

The price in Baltimore is uniform with the Manufacturer's Factory Price.

Soluble Pacific Guano.

200 LBS. SOLUBLE PACIFIC GUANO contains 70 lbs. *animal matter*, yielding 7 to 8 lbs. *ammonia*.

Also 80 to 90 lbs. *earthy bone Phosphate of lime*, 30 lbs. of which are *soluble phosphate*.

It combines all the advantages of the *best brands* of Super Phosphate, with those of Peruvian Guano.

By reason of its greater concentration, we recommend 20 per ct. less by weight to be used per acre, than of any fertilizer costing the same per ton; and no more per acre than of those selling at 20 per ct. more per ton.—Hence *its economy*.

This guano weighs 65 lbs. per bushel, hence *in applying it farmers must be governed by* weight and not by bulk, for it is much lighter than the Super Phosphates. *Every cargo duly inspected.*

JOHN S. REESE & CO., GENERAL AGENTS FOR THE SOUTH, 71 *South Street, Baltimore.*

"Flour of Bone."

WE will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness* of *flour*, which adds 100 per ct. to its value. It is as *quick* and *active* as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.

OF NEW GOODS JUST RECEIVED AT GRIMES'S

James A. Grimes, York street, has been to the city again, to replenish his stock, which went off so rapidly, because it was so very good and so very cheap. The new stock beats anything he has yet offered to this community, and he hopes all the people will come and see for themselves. His new purchase of SYRUPS can't be beat, and he will sell from a pint up to a barrel; his SUGARS are of all varieties, including the very primest; his COFFEES are the best in the market; his FISH are elegant; and his FLOUR extra.

He has laid in a large lot of STONE-WARE, which he offers cheap, and is sure will please—so with his WOODEN-WARE, QUEENS-WARE, LAMPS, PICKLES, SPICES, CONFECTIONARY, Tobacco and Segars, and the thousand other things to be found in his very full and complete Store. By selling cheap, and selling quick, he expects to get along quite as well as those who have greater profits, but sell slower. [June 11, 1866.
